Department of Computer Science

The Department of Computer Science at St. Claret College is dedicated to providing comprehensive education and training to students, equipping them with the necessary skills to meet the challenges of the dynamic field of Information Technology. The department is committed to continually enriching the curriculum in alignment with current industry requirements, ensuring that students are well-prepared and job-ready.

The department organizes extension programs, skill development workshops, peer-teaching, project-based learning, cross-over learning and e-learning activities, offering students a unique and valuable learning experience. Collaboration with reputable organizations results in value-added programs that enhance technical skills, creating better career opportunities for students.

Motivation and guidance are consistently provided to students, contributing to their superlative achievements, including several Bangalore University academic ranks. Skill enhancement activities managed through the IT Club, encompass programs such as INSPIRE, TECHNOPHILIA and TECHNOVATION.
