Report On Extension Activity on World Water Day

The Department of Commerce organised awareness program with student rally on water conservation for the general public of Jalahalli village, Bengaluru-13, under the guidance of Ms. Maria Rajan, HOD, Department of Commerce, St Claret College and the proposal was taken forward by Mr. Safeer Pasha, along with Mr. Suraj M and Ms. Aruna Kumari K ,the faculty representatives of the extension activity from Department of Commerce, St Claret College.

World Water Day was first formally proposed in 1992 United Nations Conference on Environment and Development (UNCED) in Rio de Janeiro, Brazil. Observance began March 22 in 1993 and has grown significantly ever since for making the general public aware of the importance of clean water and to focus public attention on sustainable aquatic habitats. 25 students were participated in this awareness program.

The program started at 2.00 pm on 22nd March 2019, students took active part in creating awareness among the public and also visited houses to give information about the same. The objective of the program was to create awareness to conserve and preserve water for the future generation and to explain the effects of water scarcity.

Finally Mr. Safeer Pasha winded up the program with a general talk and a thank you note to public for spending their valuable time to listen to the awareness talk make it a successful one.the students also did signature campaign on this occasion.

Program came to end at 4.00pm.

SOCIAL ACTION FORUM

Report on Planting of Saplings Programme

On 2nd August, 2018, a programme on Planting of Saplings was conducted jointly by Social Action Forum of St. Claret College

A request was made to the Forest Department, Malleswaram for Saplings and 40 Saplings were donated by the Forest Department

66 students participated in the Programme.

The students proceeded to HMT Garden from St. Claret College. At HMT Garden, the programme was initiated by Mr. Srinivasu, the Counsellor of Jalahalli Village.

The Counsellor addressed the students about Preservation of Nature and on importance of Planting the Saplings. The first Planting of Sapling was done by the Counsellor and then followed by the students.

Social Action Forum of St. Claret College, encourages the students to participate in Social Work benefiting the Society

DEPARTMENT OF COMMERCE

Report on campaign on No Polybag 2017-2018

Date: October 5, 2017

Place: Devappa Layout

October 5, 2017 Department of Commerce in association with Environment club organized a campaign on No Polybags in Devappa Layout. 128 students were part of this campaign. 5 faculties were also part of this campaign. The mission of this campaign is to reduce the use of polybags while shopping. Plastic is an environment Hazard. Polythene bags are polluting, land, water, and air because they are non-biodegradable. A plastic bag if buried in soil will remain there intact even after hundreds of years. Plastic is impermeable to water and air. Hence water cannot percolate down the plastic sheet and it also deprives the soil of the oxygen. Thus it deteriorates the fertility of the land. Plastic is lighter than water and floats on its surface. It stops mixing of vital Oxygen from air to water. It is lethal for aquatic life. Plastic can neither melt in water nor degrade in soil. It is very difficult to get rid of it. Even burning causes air pollution as many poisonous gases are produced in the process. Thinner than 5 micron plastic bags are especially harmful because if they are mixed in the soil, they cannot be picked. We must ban its uses. Students explained and created the awareness among the Community.

ST. CLARET COLLEGE

Department of Sciences 2017-2018

Awareness talk on Swine flu

Venue : HMT area.

Date: 10th August,2017

The Department of Sciences conducted an awareness talk about the deadly disease- swine flu. There were 54 students along with 2 teachers who had participated in this particular activity in HMT area. The students involved in educating the locals about swine flu and how to prevent the same.

The students explained that the incubation period (the time between the illness and appearance of symptoms) for the swine flu as claimed by the HPA (Health Protection Agency) lies between two and five days. A person suffering from "The Swine" will experience at least three of the following symptoms: coughing and sneezing, headache, runny nose, sore throat, shortness of breath, loss of appetite, aching muscles, and diarrhea or vomiting. When a person is suffering from those symptoms, he/she is in a highly contagious state; he/she can easily pass on the virus to others. The students also spoke about the time period involved to recover as they mentioned that it takes around a week for the person to pull through, and once the symptoms are gone the person is no longer infectious to others around him.

This educational talk was received with a lot of encouragement from the public. The students were given refreshments after they returned to college.

DEPARTMENT OF COMMERCE

EXTENSION ACTIVITY 2016-2017

REPORT ON HEALTH PROGRAMME AND LOCAL ISSUES

The students and teachers of Commerce department, conducted a two days programme in JP Park and surroundings. On 23.09.2016, we conduct a programme based on local issues in which we cleaned in and around the drinking water tank such that the village people may have a clean and hygienic drinking water. In the afternoon the students visit door to door and the following concepts were emphasized through pamphlets that were supplied.

- Avoiding non-recyclable plastics that create environmental pollution
- Avoiding tobacco products that may create health problems like lungs cancer, oral cancer
- Rain water harvesting,

In the programme 137 students of our department effectively participated with the social thought and willingly involved in the propagation of using natural manure and avoidance plastics in their day to day life. The village people received our students and heard them patiently. They realize the above points whole heartedly. The village people appreciated our activity and felt thankful to us. On 24.09.2016, we conduct a health programme based on the dengue issue in the village. We made the people to assemble in the community hall and demonstrated the prevention of dengue fever through video clips. The village people understand the source of dengue, the symptoms of dengue and how to prevent and take medicines to recover the health. In the afternoon, the students visit door to door and cleaned the source of breed of dengue mosquitoes. In the programme the same 137 students of our department effectively participated with the social thought and willingly involved in the propagation of using natural medicines and avoidance plastics in their day to day life. The village people received our students and heard them patiently. They realize the importance of cleanliness and disposal of wastes as decomposable and non-degradable wastes. The village people appreciated our activity and felt thankful to us even on the second day.

Department of Management 2015-16
Report on Extension Activity
Awareness talk on Polio

Venue : HMT area.

The Department of Management conducted an extention program around HMT area on Jan 5th 2016. The students involved in educating the locals about Polio. 34 students and 2 teachers were part of the program.

Polio is a highly infectious disease caused by a virus. The students educated the gathering on how the virus invades the nervous system, and can cause total paralysis in a matter of hours. Students also made the public aware of how Polio can be transmitted from person-to-person spread mainly through the faecal-oral route or, less frequently, by a common vehicle (for example, contaminated water or food) and multiplies in the intestine. The students also spoke about of the initial symptoms of Polio such as fever, fatigue, headache, vomiting, stiffness of the neck and pain in the limbs.

Polio mainly affects children under 5 years of age. This fact was emphasized by the students as a way of telling the public to take appropriate measures, especially for children.

The students also spoke about how there is no cure for polio, it can only be prevented. Polio vaccine, given multiple times, can protect a child for life. The students also spoke about how the government has provided several medical benefits for the people such as free polio drops which are not optimally used by the public.

The students returned to the institution by 2 pm where they received refreshments.

Department of Humanities

Report on Extension Activity 2015-2016

Awareness talk on 'Prevention of Dengue'

Venue : BEL circle

The Department of Humanities conducted an extention program in BEL circle and Surroundings on November 5th 2015. The involved students and teachers had gathered to create an awareness on prevention of Dengue fever. There were seventy plus students who have participated in this particular activity. 32 Students participated along with 2 teachers in the Awarness Campaign.

Dengue fever continues to be a major public health problem in India, with significant impact on children. We suggested the need for sustained routine education for dengue prevention and control, and the need for approaches to ensure the translation of knowledge into practice. Health education is essential for the control of diseases such as dengue, ensuring that community members understand the mechanisms of infection and the key behaviors or activities that need to be addressed to prevent transmission, reduce severe disease and avoid fatalities.

The students held placards and posters for better understanding for the people. After the awareness talk, the people had a few ideas such as sleeping with a mosquito net, wearing long sleeved clothing and avoiding some superstitions such as lighting a fire.

Subject: Report on the Out-reach Activity to KG-Halli

St. Claret College SAF organized an out-reach programme in KG Halli Government school. Two students had gone to the school and taught them the Basic English speaking skills. On 22-09-2014, all the SAF members and the co-ordinators visited the school and had arranged programmes for the students. The programme included an Awareness Skit on the spread of diseases like Malaria, Dengue, etc. Ms. Shashikala, one of the SAF co-ordinators, made a brief presentation on the spread of diseases due to the unhygienic habits. Principal(H.M) Ms. Parvathi thanked the college for arranging such an useful programme for the students and the programme concluded with a vote of thanks.

Department Of Commerce

Report on Extension Activity 2014-2015

Rally on Aids

Venue: Sharadambanagar

Date of Rally: 3rd September 2014

Department of Commerce carried out an extension activity on 3rd September 2014 in Sharadambanagar. Department organized a rally in order to spread awareness against AIDS. 5 teachers had accompanied the students which imparted a constant support for 42 students and this in turn made the rally a huge success.

The students made posters about AIDS which were informative. The students also spread awareness on the negative impact families have when one member of the family is affected by AIDS. They also explained about the link between using drugs and the chances of getting AIDS.

Through this rally the students provided health education and spread awareness about AIDS. They also informed the public about the possibility of anyone acquiring AIDS and educated the public on the importance of getting checked for any symptoms.

This helped in raising awareness not only in the public but also in the students about the destructive nature of AIDS.
