

St. Claret College

Affiliated to Bangalore University | A Claretian Missionary Institution

NURTURING VALUES AND EXCELLENCE

PLACEMENT AND CAREER GUIDANCE CELL

ANNUAL REPORT 2016-2017

The relationship between educational institutions and the corporates is highly synergetic. Since the primary objective of the students is to place in good companies with the best salary. The industry looks to the educational institutions for their requirement of qualified and trained manpower. Thus, it is in the interest of both Industry and Institutions to develop strong cooperation, which can be a win-win for both and will also be beneficial to the students. This has been the guiding principle for us at St. Claret College. Apart from excelling in academics, we want our students to be corporate-ready professionals.

Hence, we conduct an extensive Employability Enhancement Program designed to develop professional skills and provide value-added training and certifications in their domain areas. They are also exposed to practical aspects of the industry through guest lectures, industrial visits, internships etc. While we highly appreciate the confidence reposed in us and the invaluable support extended by our recruiters over the years, we are eager to know the experience and expectations in terms of required skill sets. We would be happy to partner with our recruiters in upgrading the skills of our students as per specific industry needs so that they can be productive from the first day and be the preferred choice for hiring. SCC commits itself to the student's benefits ensuring the best recruiting experience to them.

St. Claret College of Placement and Career guidance cell aims to provide world-class training to SCC students, like certification programs, skill development courses, workshops, and seminars to ensure students are placed at the Core organizations with a good salary package. SCC Placement Cell has conducted various skill development training from Industry experts to bridge the gap between campus to corporates to ensure companies have to visit campus year after year to recruit fresh talent from SCC Campus.

Students are also trained in motivational skills, communication skills, interpersonal relationships, leadership qualities, group discussions, and interview techniques from the first year. Additionally, also provides the required infra-structural facilities to conduct group discussions, tests, and interviews.

Below is the list of outgoing students who have been placed with various employers for the academic year 2016-2017.
