St. Claret College, Autonomous

Bengaluru

St. Claret College (SCC) was established in 2005 by the international Missionary Congregation of Claretians who manage two universities and over 150 educational institutions in 66 countries around the world. The Bengaluru campus is managed by Claretian Society for Integral Human Development which was established in 1989 with the aim of providing holistic and quality education. Apart from St. Claret College, the campus shelters three other educational institutions: St. Claret Pre-University College, St. Claret School, and Anthony Claret (AC) School. Moved by the spiritual inspiration of St. Anthony Mary Claret, its patron, and supported by the robust Christian intellectual tradition, SCC offers integral education to transform students to be enlightened leaders who bring about a civilization of love and harmony. SCC is recognized by UGC, permanently affiliated to Bangalore University, approved by AICTE and is accredited by NAAC with A+ Grade. In 2024, UGC granted St. Claret College the Autonomous Status.

UG Department of Psychology

The UG Department of Psychology at SCC was established at the inception of the College in 2005-06 with the BA and B.Sc. programme. The objective of the department is to enable the students to develop an inquisitive mind and understand the diversity of human experience and cultural factors that influence behavior and mental processes for development of intra and interpersonal skills.

The Department strives to integrate the understanding of human experiences through experiential learning and help the students to become critical thinkers and familiarize them with the concepts of Psychology and build in the ability to apply the same to education, profession and real-life scenarios.

PG Department of Psychology

The post-graduate Department of Psychology at SCC offers a full-time M.Sc. Psychology programme that aims at inculcating a scientific bent of mind in the students as well as understanding of the self and society at large.

Psychology, as a discipline, in the recent times, is one of the fastest growing areas of study, expertise and applicability. Considering the same, the M.Sc. Psychology programme at SCC is designed to train the students in theoretical understanding of the subject and its practical and research aspects.

Context of Psychology Conference – 2024

The initiative of CARE - Claret Centre for Mental Wellbeing seeks to make the topic of mental health well-known especially in the student and teacher population. Along with providing a platform for mental health services, CARE also builds on the scientific understanding behind human behavior, thought and emotions. To highlight the same, the Conference on “Psychology in the Modern Era” aims to comprehend the extensive leap of progress that Psychology as a discipline has undergone since its inception. Recognizing the various sub-fields in the discipline along with the influence technology has had on mental health in general, this conference looks at bringing together different perspectives and research methodologies to deepen and advance our knowledge on factors that drive human behavior in the recent times.

The conference is deliberately kept open to students across all streams to enable gathering of viewpoints and perspectives from different branches of study. Students will be able to engage in stimulating discussions during the conference and also share their research findings that encompass various aspects of psychology including technology, social, emotional, neuroscience and government policies.
