INTERNATIONAL CONFERENCE ON Multidisciplinary Technology, Innovation and Management Science (ICMTIMS-2026)

March 27th & 28th, 2026 (Hybrid Mode)

About the Conference

The International Conference on Multidisciplinary Technology, Innovation, and Management Science (ICMTIMS) is envisioned as a global academic forum dedicated to advancing interdisciplinary research and knowledge exchange across technology, innovation, and management domains.

The conference brings together researchers, academicians, industry practitioners, policymakers, and students from diverse disciplines to share original research, discuss emerging trends, and explore innovative solutions to complex real-world challenges in an increasingly digital and interconnected environment.

ICMTIMS emphasizes the integration of advanced technologies with innovative management practices, data-driven decision-making, entrepreneurship, sustainability, and organizational transformation. By fostering cross-disciplinary dialogue, the conference encourages collaborative research and the development of future-ready strategies.

Through keynote lectures, technical paper presentations, panel discussions, and interactive sessions, ICMTIMS aims to promote academic excellence, strengthen industry-academia collaboration, and contribute meaningfully to global knowledge creation and societal progress.
