5

One of the most famous monuments in the world the statue of liberty, was presented to the United States of America by the people of France. The great statue, which was designed by the Sculptor Aguste Barthodi, took ten years to complete. The actual figure was made of copper supported by a metal frame work which had been specially constructed by Eiffel. Before it could be transported to the United States, a site had to be built. The site chosen was an Island at the entrance of the New York Harbour. By 1884, a statue which was 151 feet tall, had been erected in Paris. The following year, it was taken by pieces to America. By the end of October 1886, the statue had been put together again and it was officially presented to the American people by Bartholdi. Ever since then the great monuments has been a symbol of liberty for the millions of people who pass through New York Harbour to make their homes in America.

1. Who designed the great statue of liberty ?
2. What arrangements were to be made to erect the great statue ?
3. What was it made up of ?
4. Which year was the Statue of liberty presented to the American people ?
5. Of What has the great monument been a symbol ever since its erection ?
